

The Interactive Multimedia Electronic Journal of Computer-Enhanced Learning

Assignment of Copyright

This agreement is made between *IMEJ, The Interactive Multimedia Electronic Journal of Computer-Enhanced Learning*, and _____, whose address is _____.

_____ assigns to *IMEJ* the entire right, title, and interest to the copyright of _____.

In consideration of this assignment, *IMEJ* agrees to electronically publish _____ submitted by _____ in Volume _____, No. _____ of its journal. Date of publication is set for _____.

IMEJ agrees to create and maintain the definitive version of this article on our server. Articles will not be modified without joint permission by the author and editorial board.

IMEJ reserves the right to create derivative works from its electronic publication, such as CD-ROMs.

Author warrants that her/his manuscript has not been or will not be published elsewhere. (Articles that differ from *IMEJ* publications by 25% or more will be seen as new works and are not bound by *IMEJ* copyright.)

Author warrants that she/he is the sole author of the work and that she/he has included complete documentation of all sources used in the creation of texts and, before publication, has submitted to *IMEJ* copies of letters granting permission to use all copyrighted materials, including images or sound files, commercial software, and other traditional or on-line works. Author also warrants that she/he has gained and submitted release letters for *IMEJ*'s publication of non-published works, such as students' writings.

Author understands that links to the articles are permitted. Readers are advised that reproduction that exceeds fair use by anyone other than *IMEJ* is a violation of policy. Requests to republish or post articles must be made to *IMEJ*.

Permission to make digital or hard copies of copyrighted *IMEJ* articles for personal or classroom use is granted as follows: 1) reproduction is consistent with "fair use" practices and materials are not distributed for profit or commercial advantage 2) materials are used for scholarly or educational purposes 3) the author, the title of the article, the journal, and notice of copyright appears on each copy.

If questions of copyright infringement arise, the editorial board reserves the right to take the article off the server until the matter has been resolved equitably.
